

Third Update from: The Profile Team

(Elizabeth Valliant, Diana Chappell, Mark Hunter, Gail Minacs, C.J. Watts, Julie Kubien and Ruth Goodfellow)

We continue to endeavour to have Sunday services staffed with the appropriate personnel who will provide the message.

We have been purposeful as we work together to create the job description for a new full time minister. The work of the Visionary Team has been outstanding and is making our job a dream. We are using of all the data they collected, aligned so effectively with our Mission and Vision Statement, to make sure we have covered all of the desires of our congregation.

Of course we cannot include every request but we will give it our best effort. We have been using the United Church's "Pastoral Relations: Guidelines for a Community of Faith Profile" as a key resource. It's important during this task that we make this job description an exciting read that has organization and continuity with our current and varied church communications.

As we continue our work, our team will keep you updated via Sunday Service Slideshows, Sunday Announcements, Facebook, Church Bulletins and Church Bulletin Inserts.
